Dear Session Attendee,

I am looking forward to seeing you at the 2017 Show-Me Professional Learning Conference.

Here is the link to a short pre-read article excerpt (just a one-pager) that can help establish a mind-set for my Challenge of Collaboration session.

The article that this excerpt was taken from contains additional information and discussion regarding working in teams that goes beyond the session focus on collaboration. If you are interested in taking a look at the full article, here is the link:

I will have paper copies of session handouts available on Tuesday as well as a link for electronic copies of all handouts. You are welcomed to bring your electronic devices – laptops, chrome books, or tablets if you prefer to access these resources electronically (pending venue wireless capability).

I look forward to working with all of you on Tuesday morning. If you have any questions, comments, or concerns, please feel free to use the email address included in this letter to contact me,

Sincerely,

Dr. Suzy Cutbirth
